MEMORANDUM FOR: Director of Security

SUBJECT : Office of Security Statistical Report
for June 1959

1. The attached tables and charts reflect some of the activities of certain components of the office during June 1959. The statistics in the tables are compiled by the component concerned; the charts are prepared in this office from the statistics furnished by the components.

2. In a continued effort to improve this report in coverage and usefulness, without making it so comprehensive or complicated as to defeat its purpose, the following changes have been made:

a. Complete descriptions have been inserted before each chart in such a manner that the description can be read while referring to the chart without turning pages. It is believed that this will be a help to anyone reviewing these reports who is not completely familiar with the details of our operations. It will also serve to keep the basic criteria of the statistics used in the charts from being unwittingly changed by new personnel.

b. A new Table (Table A-1) has been included which identifies the types of cases included in Table A under "Other Full Field Investigations".

c. Old Chart #1 has been divided into two charts as follows:

Chart #1 shows only the total Overt & Semi-Covert Cases Received.

Chart #2 shows the number of T/O Staff Applicant Cases Received and Approved and it presents a new graph which shows the number of T/O Staff Applicant Cases Pending.

- d. Old Chart #6 has been divided into three new charts as follows:

Chart #7 shows the Total Full Field Investigations Received in the Field with separate graphs delineating the number which are Overt and Semi-Covert Cases and those which are Covert Cases.

25X1A Chart #8 shows Full Field Investigations Pending.

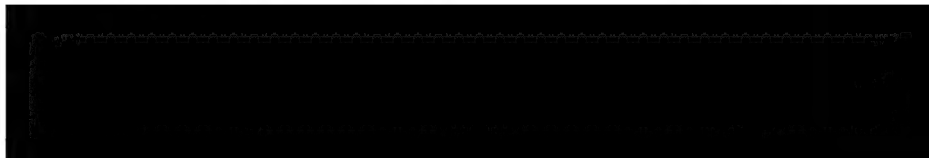

It is believed that dividing the charts and the new material presented in them as described above, will give a clearer picture of the clearance and investigative work loads. All Tables and Charts are indexed on the following page.

3. The following items of noteworthy interest took place during the month:

a.

- b. The office has been engaged the greater part of the month in efforts to establish the bona fides of a woman claiming to have had East German intelligence training, and to resolve the possible compromise of classified information as a consequence of allegations by her of a derogatory nature against an Agency employee.
